Day 02:: Full day of Kathmandu City- Overnight Stay at hotel

Welcome to Kathmandu – The Heart of Nepal's Heritage

Welcome to Kathmandu, a vibrant city steeped in history, spirituality, and living culture. After a restful night and a hearty breakfast at your hotel, we begin a full-day exploration of four of the city's most iconic and culturally significant sites.

Our first stop is the **Swayambhunath Stupa**, famously known as the Monkey Temple. Perched on a hilltop overlooking the Kathmandu Valley, this ancient stupa is believed to be over 2,500 years old, making it one of the oldest religious sites in Nepal. The all-seeing eyes of Buddha gaze out in all four directions, symbolizing awareness and compassion. As you climb the stone steps, you'll be greeted by playful monkeys and panoramic views of the city—a truly magical start to the day.

Next, we head to **Kathmandu Durbar Square**, a UNESCO World Heritage Site and the historic heart of the old

city. This royal palace complex was once the residence of the Malla kings and showcases exquisite Newari architecture, intricately carved wooden windows, and sacred courtyards. Don't miss the Kumari Ghar, home to the Living Goddess Kumari, a young girl revered as the human incarnation of the divine.

From there, we drive to **Boudhanath Stupa**, one of the largest stupas in the world and a spiritual center for Tibetan Buddhism. Surrounded by prayer wheels and fluttering prayer flags, Boudhanath is a serene and sacred place where monks chant mantras and devotees walk clockwise around the stupa in a ritual known as kora. We'll take a break here to enjoy lunch at a rooftop restaurant with a stunning view of the stupa's massive dome and vibrant surroundings.

Our final visit is to **Pashupatinath Temple**, one of the holiest Hindu shrines dedicated to Lord Shiva. Situated along the sacred Bagmati River, the temple complex is a powerful spiritual site where you may witness traditional cremation rituals and sadhus (holy men) meditating. The main temple, with its golden roof and silver doors, is accessible only to Hindus, but the surrounding area offers a profound cultural experience for all visitors.

In the evening, return to **Thamel** and conclude your day with an authentic Nepali cultural dinner, complete with traditional music, folk dance, and a flavorful selection of local dishes. It's a perfect and memorable introduction to Nepal's rich heritage—and a warm welcome to your Himalayan adventure.

Day 03:: Fly to Lukla & Trek to Phakding (2,610m/8,561ft)-lodge

After a restful night, we take an early morning flight to **Lukla (2,800m/9,186ft)**, the gateway to Everest. This **scenic 30-minute flight** offers breathtaking aerial views of the Himalayas before landing at the famous **Tenzing-Hillary Airport**, one of the world's most thrilling runways. During peak season, flights may operate from **Manthali (Ramechhap) Airport**, and we ensure smooth transfers—or upgrade to a **helicopter flight** for a seamless journey with unmatched views. Upon arrival, we meet our trekking crew and begin our adventure, **trekking 8km (5 miles) to Phakding (2,652m/8,698ft)** along the stunning Dudh Koshi River. This first day provides a gentle introduction to high-altitude trekking, allowing for acclimatization while soaking in the spectacular Himalayan landscapes.

Day 04:: Trek to Namche Bazaar (3,440m/11,283ft)-stay at lodge

The journey to **Namche Bazaar** is an unforgettable adventure, winding through lush pine forests and alongside the shimmering Dudh Koshi River. We cross iconic suspension bridges, including the famous Hillary Suspension Bridge, with breathtaking views of **Mt. Thamserku**. As we pass through vibrant villages like **Benkar and Monjo**, we enter **Sagarmatha National Park** and ascend towards Namche, where we're rewarded with our first sight of **Mt. Everest** from **Chautara**. Known as the "Las Vegas of the Khumbu," Namche Bazaar offers a lively atmosphere and a perfect place to recharge before continuing toward the world's highest peak.

Day 05:: Acclimatization Day in Namche Bazaar-Stay at lodge

As we make our way to Namche Bazaar, we strategically acclimatize by hiking a few hundred feet higher each day, preparing our bodies for the challenging elevations ahead. In Namche, a visit to the **Tourist Visitor Center** offers a fascinating glimpse into the history of the first Everest ascenders, Sherpa culture, and the unique flora and fauna of the Everest region. For the adventurous, a stroll to **Khumjung** and a climb to the **Syangboche airstrip** leads to the **Everest View Hotel**, where breathtaking views of the Himalayas await. The surrounding Khumjung valley, with peaks like **Kongde, Thamserku**, and the sacred Khumbila, along with the **legendary yeti scalp** at the **Hillary School**, make this a truly unforgettable experience.

Day 06:: Trek to Phortse Thang (3,680 m / 12,073 ft)- Stay in Lodge

After enjoying a delicious breakfast in Namche Bazaar, we begin our beautiful day's trek. The trail ascends gently from Namche Bazaar (3,440 m / 11,286 ft), tracing a high contour above the Dudh Koshi River with breathtaking views of **Ama Dablam, Thamserku**, and **Kangtega**. Passing through Sanasa, where the paths diverge toward

Tengboche and Gokyo, and the peaceful hamlet of Lawang, the route climbs to the scenic ridge of **Mong La (3,975 m / 13,041 ft)**—a sacred spot adorned with a stupa and panoramic mountain vistas. From here, a steep descent through fragrant birch and rhododendron forests leads to **Phortse Thang (3,680 m / 12,073 ft)**, a serene riverside village at the confluence of the Dudh Koshi and Imja Khola.

Day 07:: Trek to Machhermo (4,470m/14,665ft)-Stay in Lodge

Today's trek takes us to **Machhermo at 4,470m/14,665ft**, a challenging yet rewarding journey through **breathtaking landscapes**. We begin with a gradual ascent through lush forests and meadows, the crisp air and serene silence interrupted only by our footsteps and occasional bird calls. As we climb higher, the terrain becomes steeper, with rocky outcrops and boulder fields that demand careful navigation. The increasing altitude causes us to pause frequently, catching our breath while soaking in the **majestic views of snow-capped peaks and sparkling glaciers**. Each step is worth the effort as the grandeur of nature unfolds before us. After hours of trekking, we finally reach Machhermo, a peaceful village tucked in a sheltered valley, where we are embraced by the warmth of local hospitality. As we rest for the night, we reflect on the awe-inspiring beauty of the mountains that surround us, grateful for this unforgettable experience.

Day 08:: Trek to Gokyo (4,790m/15,715ft)-Overnight stay in Lodge

Today, we embark on an exhilarating trek from **Machhermo to Gokyo**, ascending through rugged terrain with breathtaking views at every turn. As we climb higher, the thinning air reminds us to pace ourselves, taking regular breaks to acclimatize and soak in the awe-inspiring landscapes. The trail challenges us with steep inclines, but the sight of towering peaks and glacial streams makes each step worth it. We pass through charming Sherpa villages, each with its own character, before finally reaching **Gokyo at 4,790m/15,715ft**, nestled beside a pristine lake surrounded by snow-capped mountains. The crisp air fills us with a sense of wonder as we take in the panoramic beauty of this magical place. After exploring the village and its stunning surroundings, we eagerly plan our hike up **Gokyo Ri** tomorrow for even more incredible views. As the evening settles, we rest in gratitude, knowing we've just begun to experience the Himalayas' true majesty.

Day 09:: Hike to Gokyo Ri (5,357m/17,575ft) & Back to Gokyo

The hike to **Gokyo Ri** starts from the village of Gokyo and leads up a steep path to the summit of the mountain, offering panoramic views of the surrounding region, including Everest, Lhotse, and Makalu. Although considered challenging due to the altitude and steepness of the climb, the experience is worth the effort.

After reaching the summit, you will return to Gokyo for an overnight stay. The descent can be just as challenging as the ascent, as the steep path requires careful footing and a steady pace. The entire hike can take between 3 to 5 hours, depending on the hikers' fitness level and the trail conditions. Our **expert Sherpa guide** will accompany you and take care of everything along the way.

Indeed, the hike to Gokyo Ri is a rewarding experience for those up to the challenge. The stunning views of the Himalayas and the sense of accomplishment after reaching the summit make it a memorable trek.

Day 10:: Trek to Lungden via Renjo La Pass (5,360m/17,585ft)

We must begin our trek at dawn today, as we have a long journey ahead. Our goal is to reach **Lunde** after crossing **Renjo La**, a high-altitude pass at 5,340 meters (17,520 feet), where breathtaking views of **Everest, Lhotse, Cholatse, and Taboche await**. The trail to Renjo La diverges from the main Gokyo Valley path, leading us past Dudh Pokhari and through challenging terrain. After conquering the pass, we descend a steep stone staircase and navigate loose scree to reach the tranquil Angladumba Tsho Lake. Along the way, we'll pass Relama Tsho and **Renjo Lake**, and trek through a narrow valley filled with massive boulders to reach Lunde. If the lodge in Lunde is closed, we'll continue for another hour to Marlung, where we'll spend the night. This trek offers stunning Himalayan views, but due to high altitude and ice on the trail, it's crucial to have an experienced guide to ensure safety and enjoyment.

Day 11:: Trek to Thame (3,820m/12,532ft)-Overnight stay in Lodge

As we journey west from Lunde, the trail guides us through the historic **Bhote Kosi Valley**, once a bustling trade route into Tibet, where **prayer flags and mani stones still mark** the land's deep cultural heritage. The influence of Tibetan Buddhism is felt strongly here, immersing us in a world of vibrant sights, sounds, and smells. The steep climb to **Thame** rewards us with awe-inspiring views of towering peaks like Teng **Kangpoche and Kwangde**, while the mysterious Nangpa La pass to Tibet beckons with its allure. Upon reaching **Thame**, we are welcomed by the majestic **Thame Gompa**, a spiritual landmark and the site of the **Mani Rimdu festival**, where local culture comes alive in a burst of music and color. After an exhilarating day on the trail, we settle in for a peaceful night in Thame, knowing we've experienced something truly unforgettable. The unique blend of history, spirituality, and natural beauty in this valley will stay with us long after we leave. This is a journey that transcends the ordinary and leaves a lasting mark on the soul.

Day 12:: Trek to Namche Bazaar (3,440m/11,283ft)-stay in Lodge

The trek from Thame village to Namche Bazaar is a beautiful and scenic route that offers breathtaking views of the Himalayan landscape and takes you through charming Sherpa villages and Buddhist monasteries.

Starting from Thame village, the trek initially follows a gentle ascent through the lush green forests of pine and rhododendron trees. The trail then opens up to stunning vistas of the surrounding mountains, including Ama Dablam, Thamserku, and Kangtega.

As you continue trekking, you will pass through traditional Sherpa settlements such as Thamo and Samde, where you can stop for a rest and interact with the friendly locals. Along the way, you will also have the opportunity to visit the famous Thame Gompa, an ancient Buddhist monastery that dates back to the 16th century.

After crossing a few suspension bridges and ascending some steep hills, you will finally reach Namche Bazaar, the bustling market town and gateway to the Khumbu region. Here, you can explore the colorful markets, visit the local museums, or simply relax and take in the stunning views of the surrounding mountains. Definitely, the trek from Thame village to Namche Bazaar is a delightful experience that combines natural beauty, cultural immersion, and adventure.

Day 13:: Trek Lukla (2,860m/9,383ft)-Overnight stay in lodge

After a hearty breakfast in **Namche Bazaar**, we begin our descent toward Lukla, tackling the first steep hour through rocky terrain. As we cross suspension bridges over the Dudh Koshi river, the path becomes gentler, winding through Sherpa villages, rhododendron forests, and pine trees with distant views of snow-capped peaks. Though retracing our steps, the scenery offers fresh perspectives, making the journey just as captivating. We take our time today, soaking in the serene atmosphere of prayer stones, prayer flags, and the deep-rooted Buddhist culture that defines these villages. Upon reaching Lukla, we have the chance to unwind, stretch our legs, and reflect on the remarkable trek we've just completed. The day ends with a joyful celebration, as we gather for a farewell dinner with our crew, sharing laughter and memories. We head to our lodge for a restful night, content with the adventures of the past days.

Day 14:: Fly to Kathmandu & Transfer to hotel, relax after Long Trip

After fulfilling breakfast, we'll catch our flight back to Kathmandu, marking the end of our long mountain journey. The early morning flight will give us a chance to soak in the stunning aerial views of the Himalayan landscapes one last time before we reach Kathmandu.

Travel Insurance

The importance of Insurance

Travel insurance is necessary for any trip but is mainly important when undertaking activities such as high-altitude trekking in remote regions where medical facilities or assistance may not be close at hand. You'll enjoy your adventure better with the peace of mind that comes from knowing you have the right insurance cover in place should a mishap occur.

This can be anything from medical emergencies, trip cancellation, trip interruption, delays, lost or stolen luggage to a full helicopter rescue of a mountain. For high altitude trek, you need to confirm that your travel insurance covers Helicopter Rescue with a height limit of no less than 5,500m. Most standard policies provide cover for walking up to a maximum of 2,500 meters.

The Nepal Trekking Activity Pack add-on extends cover to include trekking between 4,600m and up to 7,000m within Nepal and also includes all activities in the Extreme Activity and Activity packs.

Obtaining travel insurance before you leave home is strongly recommended. This way, if something happens, and this is rare, you will not be out of pocket a tremendous amount of money. Mountain Sherpa trekking will provide a letter and your invoice to submit to your insurance, in this case, to help expedite your processing.

Altitude Sickness:

If you trek to a high altitude without letting your body adjust to the new elevation, you may experience altitude sickness. Symptoms include headache and nausea. If you return to a lower elevation, your symptoms will likely go away without needing treatment. In severe cases, altitude sickness can be life-threatening.

When we hike above 8,000 to 12,000 feet above sea level our bodies need to acclimatize to the decreasing amount of oxygen available. You may have symptoms if you travel to a high altitude without giving your body time to adjust to less oxygen. Even if you're physically fit, you can still experience altitude sickness.

Mountain Sherpa Annapurna sanctuary trek itinerary is carefully designed to avoid altitude sickness. Over the years we have come up with the best itinerary to aid in the acclimatization process. Our trek itinerary is fully flexible & can modify on the spot if required.

Remember the trek to the Himalayas is not a race. Even those in the best shape will suffer from altitude sickness when they race to the top of the mountain too quickly. Go slowly, it will give your body time to adjust to the mountain. However, during the acclimatization process, you may experience some of the following symptoms.

- Tiredness
- Minor Headache
- Troubled sleep
- Loss of appetite/nausea
- Shortness of breath
- Cough
- Palpitation
- Swelling of the hands and face

Each Person acclimatizes at different rates. Our best suggestion is to take your time and drink plenty of water. These symptoms may not indicate the onset of A.M.S. and if you experience them it does not necessarily mean that you should not continue. All our Sherpa guides have extensive first aid training and we request you to talk with the Sherpa guide at all times should you believe you have any symptoms in order that we can efficiently monitor your symptoms. The only cure for Acute Mountain Sickness is to descend.

You must remember that this is your holiday and you do not want to stress out about the possibility of getting sick from the mountains. Do everything slowly. Drink lots of water. And enjoy the Himalaya's views. If anything does happen and you, unfortunately, get sick, let your guide know right away –Please note that your guide has ultimate responsibility and may ask you to descend if symptoms persist.

Additional info:

As you pack for Gokyo Valley Trek, remember that your gear will be separated into two packs: your daypack that you will carry each day as you trek, and your duffle bag which will be carried between tea houses by porters. All extra baggage (non- trekking items) can be stored at the hotel before you start your trek. We provide you with a free duffel bag in Kathmandu. You can use it to pack your essential trekking equipment. We provide one-porter services for two people. Porters will carry up to 25 kg - 30 Kg or 55-66 pounds of your personal items. This must include your sleeping bag and down jackets. Therefore your duffel bag should not weigh more than 12 kg-15 kg or 26 pounds to 33 pounds.

INSIDE YOUR DAYPACKS:

Daypacks can be any size for hiking, but we always recommend the smaller, the better. Around the 25l to 30l size is good for the EBC trek. You need to carry your own backpack (with waterproof cover) where you can carry your daily needed items in your own backpack. For instance: Water bottle, Extra money for drinks, souvenirs & tips, sunhat, camera, important documents, toiletries, sunscreen, hand sanitizer, rain gear, music (iPhone), etc.

If you don't have your own down jacket & sleeping bag, don't worry. We will provide you 4 season sleeping bags and a good down jacket with a hood for complementary use. Good quality sleeping bag and down jacket are most important for high altitude trek.
