Upon your arrival at Tribhuvan International Airport, our dedicated team from **Mountain Sherpa Trekking & Expeditions** will be poised at the exit terminal, ready to warmly welcome you. A courteous representative and a skilled driver will accompany you to your hotel, ensuring a seamless transition. Once you've settled into your room and refreshed yourself, a detailed briefing on your daily itinerary awaits you. The remainder of the day is yours to

wander the surroundings, acquaint yourself with the locale, and soak in the unique atmosphere.

As the sun sets on your first day in the ancient city of Temples, you'll gather for an evening meeting with our experienced guide. Here, you'll receive comprehensive insights into the intricacies of the upcoming trekking expedition. It's a night filled with anticipation and excitement in one of the world's most captivating destinations. The following morning, a delightful breakfast awaits, setting the stage for the remarkable journey that lies ahead.

Day 02:: Full day sightseeing in Kathmandu City and trek Preparations ~ Hotel

Your First Day in Nepal: Culture, Spirituality & Rest Before the Trek

After a long international flight, there's nothing better than sinking into a soft bed at one of the luxury hotels we've carefully selected for you in Kathmandu. You'll enjoy a peaceful night's sleep, and after a hearty breakfast the next morning, your journey truly begins.

Today, we'll take you on a full-day guided tour of Kathmandu Valley, exploring its rich history, spiritual heart, and vibrant culture. We start the day at **Swayambhunath**, famously known as the Monkey Temple. Perched on a hilltop with sweeping views of the city, this ancient Buddhist site is a powerful symbol of peace—and yes, you'll likely spot a few curious monkeys along the way.

Next, we head to **Kathmandu Durbar Square**, once the royal palace complex of the Malla kings. Here, centuries-old architecture meets the hustle of daily life, with temples, shrines, and markets bustling with energy. After soaking in the history, we make our way to one of the most sacred spots in Nepal—**Boudhanath Stupa**.

This massive, mesmerizing stupa is the largest in the country and a spiritual hub for Tibetan Buddhists. Its towering white dome and watchful Buddha eyes seem to observe all who pass. The peaceful atmosphere invites you to slow down, spin a prayer wheel, or simply take it all in. We'll stop here for lunch, surrounded by the soothing sound of chanting monks and spinning prayer flags.

In the afternoon, we visit the deeply moving and sacred **Pashupatinath Temple**, Nepal's most important Hindu site. Dedicated to Lord Shiva, this riverside temple is where life and death intersect. You may witness the traditional cremation ceremonies at Aryaghat, a powerful reminder of the spiritual depth of this culture. It's a moment of reflection that stays with many travelers long after they leave.

As the day winds down, we head back to your hotel. There's time to freshen up and do some light shopping—perhaps picking up a few final essentials for your trek. After an early dinner, it's off to bed. Rest well—tomorrow, the real adventure begins, as you head into the heart of the Himalayas.

Day 03:: Drive from Kathmandu to Sotikhola (720m/2,362 feet) Private 4x4 jeep ~7-8 Hours drive

Vehicle: Private 4x4 Jeep **Approx. Drive time & Distance:** 8-10 hours (88 miles / 141.3 km)

Embarking on an adventure after a hearty breakfast, our journey unfolds as we venture westward along the Kathmandu-Pokhara highway. The landscape unfolds before us like a living canvas, showcasing the enchanting beauty of Nepal's countryside. Our private 4x4 jeep becomes a vantage point, providing panoramic views through its windows.

As we traverse the winding roads, we make our way towards the historic hill bazaar of Gorkha, a town steeped in ancient tales and pivotal to Nepal's history. Beyond Gorkha, the path becomes rugged, transforming into a dirt trail that adds a touch of thrill to our expedition. Amidst the bumps and twists, the southern slopes of Annapurna, Ganesh Himal, Manaslu, and Langtang Himal reveal themselves, creating a breathtaking backdrop for our journey.

After navigating through this scenic tapestry, we finally arrive at our destination, the charming village of Sotikhola. The seven to eight hours spent on the road from Kathmandu become a captivating odyssey, marked by the diverse landscapes and historical echoes that accompany us throughout our expedition.

Day 04:: Trek from Soti Khola to Khorlabesi (970 m/3182.71 feet) ~ 6-7 hours

Approx. Walking time: 6-7 hours **Approx. Walking distance:** 8 miles (14 km)

After a satisfying breakfast in Soti Khola, your trek unfolds through a captivating tapestry of landscapes. The trail offers a dynamic experience, weaving through jungles, idyllic rice paddies, an exhilarating cliff-face ridge, a lively rushing stream, and a series of breathtaking waterfalls.

As you journey forward today, the changing elevations become evident. Initiating with a traverse through a broad valley, the path gradually ascends, guiding you through a dense forest. The adventure commences with a bridge crossing, followed by a trek through a forest. Soon, you'll find yourself hiking along a ridge above the formidable rapids of the Budhi Gandaki River, sourced from the Tibetan plateaus and joined by the Tum Khola River.

The trail then leads to Khursane, where a rocky path meanders through undulating terrain, passing two tropical cascades on a steep, rocky trail hugging the side of a cliff. Descending past vibrant rice paddies, the ascent continues until you reach the charming Gurung village of Labubesi.

Pressing on from Labubesi, you'll ascend near a rocky outcrop, revealing a vast valley alongside a more tranquil river. Descending to the river shore, you'll stroll along rounded stones before ascending over a side ridge. Crossing another suspension bridge, your next stop is the village of MachhaKhola. The journey doesn't conclude there, as you'll proceed to **Khorlabesi**, approximately an hour away. As seasoned Sherpa guides, we recommend trekking up to Khorlabesi instead of staying in Machhakhola for a shorter trek on the following day to Jagat.

Our journey leads us to the heart of Tatopani, a picturesque village adorned with terraced fields.

From Tatopani, we ascend over yet another ridge, crossing the Budhi Gandaki via a suspension bridge. The path unfolds before us, guiding us up a meticulously crafted staircase and across a ridge, where a striking panorama awaits. Negotiating a landslide with care, we make our way to Dobhan.

The day's adventure concludes as we arrive at Jagat, where a welcoming lodge awaits to provide a comfortable night's rest. The tranquil surroundings and the echoes of the day's journey set the stage for a peaceful evening in this remote Himalayan haven.

Day 06: : Trek from Jagat to Deng Village 1,860 m/6,102 ft. ~ 7-8 Hours

Approx. Walking time: 4-5 hours **Approx. Walking distance:** 8 Km

This picturesque hamlet, nestled along the route, provides a charming backdrop as we continue our ascent. Taking a moment to rest and soak in the surroundings, we proceed with a short climb, followed by a downhill stretch that leads us to **NAGJET**.

Crossing a suspension bridge over the flowing river, our journey advances to Philim, a sizable village surrounded by scattered farmhouses. The trail unfolds through golden fields of wheat and barley on farm terraces, creating a breathtaking landscape. A climb onto a rocky ridge takes us into a bamboo forest area, where we find our overnight refuge in **Deng village**.

Day 07: : Trek from Deng to Namrung (2660 meter /8727ft) - 5-6 hours

Approx. Walking Time: 5-6 Hours **Approx. Walking Distance:** 12.1 Miles/ 19.5 KM

Following a nourishing breakfast in **Deng**, we embark on a journey that marks a pivotal and culturally significant phase of our trek. Our first task is to cross the Budhi Gandaki River, ascending to a bridge where we join a trail from Bhi. As we climb further, a panorama of major peaks begins to unfold in the distance, setting the stage for an awe-inspiring experience.

Heading west up the valley, our path takes us through a tapestry of lush jungles, adorned with alpine flora and dotted with charming settlements inhabited by indigenous groups of the Manaslu region. The air is filled with the anticipation of the majestic peaks that gradually reveal themselves against the backdrop of the sky.

Traversing across jungles and mani, we reach a corner that contours to Ghap. Opting for the route through **Prok village**, we are rewarded with a breathtaking viewpoint of the snow-capped Siringi Himal. A well-deserved break here allows us to soak in the beauty of our surroundings before we resume our journey.

The trail unfolds, guiding us to cross the Budhi Gandaki multiple times today, each crossing accompanied by the discovery of ancient gompas along the way. The path follows the river upstream, leading us through dense forestry. A highlight of our trek is the crossing of the river at an extraordinary spot where it thunders down a narrow gorge, creating a spectacle of nature's force.

As we leave the jungle behind, the trail becomes more inviting, and after a last vertical ascent, we arrive at **Namrung**. The evening settles in with the promise of a peaceful night in this picturesque village, surrounded by the grandeur of the Himalayas.

Day 08:: Trek to Shyala (3,500m/11,483) - 5-6 hours (Best Place for Views)

Day 09: : Hike to Pung Gyen Gompa then trek to Samagaon (3,530 meters/11,910 feet)

Embarking from Shyala after a breakfast with incredible views of Mount Manaslu and surrounding peaks, our trek to **Samagaon via Pung Gyen Gompa** provides a rich and culturally immersive experience. The trail meanders through charming villages and serene landscapes, leading to the tranquil haven of Pung Gyen Monastery, named after the majestic Mount Manaslu. The journey holds historical significance, with the demolition of Pungyen Monastery following the first unsuccessful Japanese attempt to climb Mount Manaslu. Overcoming challenges, the Japanese succeeded in 1959, symbolizing the resilience of those drawn to conquer these peaks. The trek to Samagaon promises a harmonious blend of cultural exploration and breathtaking Himalayan beauty, offering enduring memories for adventurers.

As we proceed along the Larkya la Track, we encounter numerous mani walls while the valley begins to unfold and expand. The journey takes us along a gentle path on a shelf above the river, guiding us through juniper and birch forests of Kermo Kharka. Descending from the ridge, we cross the Budhi Gandaki via a wooden bridge and ascend steeply onto a headland between two river forks.

While the trek to Bimtang is longer, the descent into lower terrains, accompanied by evening mist and the looming presence of Mount Manaslu, creates a truly remarkable atmosphere. While it's possible to reach Soti Khola from Kathmandu by public bus, however, we strictly do not recommend you to travel by local bus because of the road condition. Our guest safety and comfort will always be our utmost priority. Therefore, We always provide a clean and fully sanitized 4WD Jeep for Soti Khola. It takes about a 6 to 7 hours drive from Kathmandu to Soti Khola. The driving distance is approximately 138 Kilometers from Kathmandu to Soti Khola.

You'll be much safer, be more comfortable, and reach your destination much faster by private Jeep with an experienced driver. The first part of the drive follows the Prithvi Highway, the road that links Kathmandu and Pokhara. Though traffic can be a problem leaving Kathmandu, the quality of the road is about as good as it gets in Nepal. After turning off to Dhading, the landscape becomes even more rustic and remote, and the road quality gradually deteriorates, but the views of Annapurna, Manaslu, Ganesh Himal, and Langtang Himal should make up for the discomfort.

BESISAHAR-KATHMANDU (190 KM): 5-6 HOURS DRIVE

It takes about 5-6 hours to reach Kathmandu from Besi-Sahar. Kathmandu is about a 190-kilometer drive from Besi-Sahar. With Mountain Sherpa trekking trips, you will travel in a small private vehicle. So, we provide you private vehicle with an experienced driver for a comfortable and safe journey back to Kathmandu. The advantage of taking a private vehicle is that you can ask your driver to stop whenever you like and smaller vehicles tend to be able to move through the traffic a little faster than larger buses. We also provide professional and experienced drivers, so you can fully and comfortably enjoy your Nepal Trek.

Altitude Sickness:

If you trek to a high altitude without letting your body adjust to the new elevation, you may experience altitude

sickness. Symptoms include headache and nausea. If you return to a lower elevation, your symptoms will likely go away without needing treatment. In severe cases, altitude sickness can be life-threatening.

When we hike above 8,000 to 12,000 feet above sea level our bodies need to acclimatize to the decreasing amount of oxygen available. You may have symptoms if you travel to a high altitude without giving your body time to adjust to less oxygen. Even if you're physically fit, you can still experience altitude sickness.

Mountain Sherpa Trekking, Manaslu circuit trek itinerary is carefully designed to avoid altitude sickness. Over the years we have come up with the best itinerary to aid in the acclimatization process. Our trek itinerary is fully flexible & can modify on the spot if required.

Remember the trek to the Himalayas is not a race. Even those in the best shape will suffer from altitude sickness when they race to the top of the mountain too quickly. Go slowly, it will give your body time to adjust to the mountain. However, during the acclimatization process, you may experience some of the following symptoms.

1. [Tiredness](#)
2. [Minor Headache](#)
3. [Troubled sleep](#)
4. [Loss of appetite/nausea](#)
5. [Shortness of breath](#)
6. [Cough](#)
7. [Palpitation](#)
8. [Swelling of the hands and face](#)

Each Person acclimatizes at different rates. Our best suggestion is to take your time and drink plenty of water. These symptoms may not indicate the onset of A.M.S. and if you experience them it does not necessarily mean that you should not continue. All our Sherpa guides have extensive first aid training and we request you to talk with the Sherpa guide at all times should you believe you have any symptoms in order that we can efficiently monitor your symptoms. The only cure for Acute Mountain Sickness is to descend.

You must remember that this is your holiday and you do not want to stress out about the possibility of getting sick from the mountains. Do everything slowly. Drink lots of water. And enjoy the Himalaya's views. If anything does happen and you, unfortunately, get sick, let your guide know right away –Please note that your guide has ultimate responsibility and may ask you to descend if symptoms persist.

Travel insurance:

Travel insurance is necessary for any trip but is mainly important when undertaking activities such as high-altitude trekking in remote regions where medical facilities or assistance may not be close at hand. You'll enjoy your adventure better with the peace of mind that comes from knowing you have the right insurance cover in

place should a mishap occur. This can be anything from medical emergencies, trip cancellation, trip interruption, delays, lost or stolen luggage to a full helicopter rescue of a mountain.

Obtaining travel insurance before you leave home is strongly recommended. This way, if something happens, and this is rare, you will not be out of pocket a tremendous amount of money. Mountain Sherpa trekking will provide a letter and your invoice to submit to your insurance company to help expedite your processing.

Additional info:

As you pack for the Manaslu Circuit trek, remember that your gear will be separated into two packs: your daypack that you will carry each day as you trek, and your duffel bag which will be carried between tea houses by porters. All extra baggage (non- trekking items) can be stored at the hotel before you start your trek. We provide you with a free duffel bag in Kathmandu. You can use it to pack your essential trekking equipment. We provide one-porter services for two people. Porters will carry up to 25 kg - 30 Kg or 55-66 pounds of your personal items. This must include your sleeping bag and down jackets. Therefore your duffel bag should not weigh more than 12 kg-15 kg or 26 pounds to 33 pounds.

INSIDE YOUR DAYPACKS:

Daypacks can be any size for hiking, but we always recommend the smaller, the better. Around the 25l to 30l size is good for the Manaslu trek. You need to carry your own backpack (with a waterproof cover) where you can carry your daily needed items in your own backpack. For instance: Water bottle, Extra money for drinks, souvenirs & tips, sunhat, camera, important documents, toiletries, sunscreen, hand sanitizer, rain gear, music (iPhone), etc.

If you don't have your own down jacket & sleeping bag, don't worry. We will provide you with 4-season sleeping bags and a good down jacket with a hood for complementary use. Good quality sleeping bag and down jacket are most important for high altitude treks.
